

THE JAMES WALKER CO.

NEWCO THIMBLES

CASING AND CHOKER THIMBLES

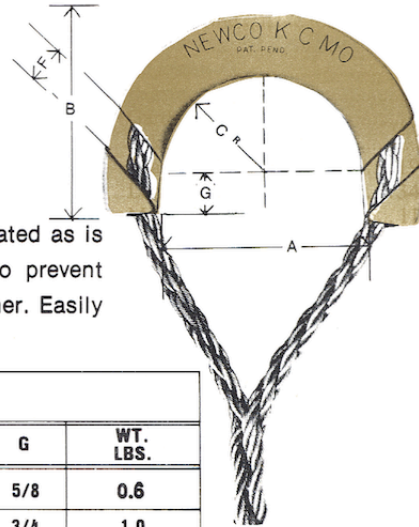

The No. 83 Casing Thimble has been designed for the oil industry. The Choker Thimbles, No. 82, No. 84, No. 85, No. 86 and No. 87 are designed especially for braided choker slings. The ears can be peened over to retain wire rope.

SLIP-ON THIMBLE

Flattening or pulling together of the eyes under heavy loads is eliminated as is severe wear at the top of the eye. It is particularly recommended to prevent abrasion when a choker sling is used by slipping one eye through another. Easily installed.
